†=Book Review

A

ACTION of the intercostal muscles *151

Adrenals. Anæsthesia and the 25

Anæsthesia and the adrenals 25

—— for cerebral angiography.....252

Anæsthetics and anæsthesia for nurses .....†163

Anæsthetic and relaxant agents. Effect of certain, on circulatory dynamics 101

Angiography. Anæsthesia for cerebral 252

Antidotes to "True" curarizing agents, including a report on Ro 2-3198 (Tensilon) 66

Apparatus:

Automatic breathing attachment to Boyle's apparatus.....222

Early use of rotameter in anæsthesia 187

Endotracheal connections 146

Improved clamp for the anæsthetists's sphygmomanometer..57

New apparatus for intermittent pulmonary inflation.....303

Rebreathing in a semi-closed system *59

Rotameters in anæsthesia 196

Slotted bronchoscope for the introduction of bronchial blockers 145

Stable cardio-tachometer of fast response 50

Three-in-one anæsthetic assembly 312

Y-shaped adaptor for intravenous therapy 227

Aspiration of vomitus 218

Association of anæsthetists of Great Britain and Ireland Research Fund 61

Automatic breathing attachment to Boyle's apparatus 222

B

BUTT, Nancy S. G.: A report on the use of succinylcholine chloride in a thoracic unit 245

C

CARDIO-TACHOMETER of fast response. A stable 50

Cartwright, F. F.: The English Pioneers of Anæsthesia (Beddoes: Davy: Hickman) .....†163

Chest movements and the intercostal muscles 3

Circulatory dynamics. Effect of certain anæsthetic and relaxant agents on 101

Correspondence:
Action of the intercostal muscles *151, *154

Intravenous pethidine in anæsthesia *156

Rebreathing in a semi-closed system *59

D

DARDEL, O. v.: See Thesleff, S. 238

Davies, D. V.: Action of the intercostal muscles *151

Does ether affect the extensibility of elastic recoil of muscle?....168

Doughty, A. G., and Wylie, W. D.: Antidotes to "True" curarizing agents, including a report on Ro 2-3198 (Tensilon) 65

Dundee, John. W.: Thiopentone narcosis in the presence of hepatic dysfunction 81

E

EARLY use of rotameter in anæsthesia 187

Editorial 1, 64, 165, 229

Effect of certain anæsthetic and relaxant agents on circulatory dynamics 101

Eminent anæsthetists, No. 7: Arthur Guedel 292

Endotracheal connections 146

—— Intubation:
Endotracheal connections 146

Intubation hazards 147

Respiratory and cardiac control during endotracheal intubation 36

English Pioneers of Anæsthesia (Beddoes: Davy: Hickman)....†163

Esplen, J. R.: A new apparatus for intermittent pulmonary inflation 303

—— Three-in-one anæsthetic assembly 312

Estimation and comparison of histamine release by muscle relaxants in man 232

Ether. Does, affect the extensibility of elastic recoil of muscle? 168

—— Inadvertent overdosage of 301

Everitt, E. F.: Vinyl ether 201

Explosion hazards 300

F

Faculty of anæsthetists: Elections and future lecturers 319

Finnie, W. J.: Anæsthetics and anæsthesia for nurses .....†163

Foregger, Richard: Early use of rotameter in anæsthesia 187

From the morbidity conference:
Aspiration of vomitus 218

Explosion hazards 300

Inadvertent overdosage of ether 301

Intra-arterial injection 149

Intubation hazards 147

Patient undergoing treatment with hypotensive drugs 219

Wrong injection 219

G

Geddes, I. C.: Anæsthesia for cerebral angiography 252

Graham, J. D. P., and Heathcote, the late R. St. A.: Does ether affect the extensibility of elastic recoil of muscle? 168

Grant, R. T., and Reeve, E. B.: Observations on the general effects of injury in man with special reference to wound shock..†160

Gray, T. Cecil: See Prime, F. J. 101

Guedel, Arthur: Eminent anæsthetists, No. 7 292

H

Harris, T. A. B.: The mode of action of anæsthetics .....†62

Health Services. Some of their practical problems.....†162

Heathcote, the late R. St. A.: See Graham, J. D. P. 168

Hepatic dysfunction. Thiopentone narcosis in the presence of....81

Histamine release by muscle relaxants in man. The estimation and comparison of 232

Historical:
Early use of rotameter in anæsthesia 187

John Snow: A biography from *The Asclepiad* of 1886 267

Role of chance in the development of anæsthesia 137

Rotameters in Anæsthesia 196

Holmberg, G.: See Thesleff, S. 238

Hunter, A. R.: Tensilon: A new anti-curare agent 175

Hypotensive drugs. Patient undergoing treatment with 219

I

Improved clamp for the anæsthetist's sphygmomanometer 57

Inadvertent overdosage of ether 301

Injection. Intra-arterial 149

—— Wrong 219

Intercostal muscles. Action of:
Chest movements and the intercostal muscles 3

Action of the intercostal muscles *151, *154

Intra-arterial injection 149

Intravenous anæsthesia:
Intra-arterial injection 149

Intravenous pethidine in anæsthesia *156, *159

Intubation, endotracheal:
Endotracheal connections 146

Intubation hazards 147

Respiratory and cardiac control during endotracheal intubation 36

—— Hazards 147

Inventions:
Endotracheal connections 146

Improved clamp for anæsthetist's sphygmomanometer 57

New apparatus for intermittent pulmonary inflation 303

Slotted bronchoscope for the introduction of bronchial blockers 145

Stable cardio-tachometer with fast response 50

Three-in-one anæsthetic assembly 312

J

JOHNSTONE, M.: Respiratory and cardiac control during endotracheal intubation 36

L

LESSER, Henry: The Health Services. Some of their practical problems .....†162

M

MEDICAL Annual 1952 .....†318

Mode of action of anæsthetics .....†62

Molyneux, L., and Pask, E. A.: A stable cardio-tachometer of fast response 50

Mörch, Ernst Trier: Rotameters in anæsthesia 196

Muscle:
Does ether affect the extensibility of elastic recoil of muscle? 168

Muscle relaxants (*v.* Relaxant agents)

Muscles:
Action of the intercostal muscles *151, *154

Chest movements and the intercostal muscles 3

N

NEW apparatus for intermittent pulmonary inflation 303

Nixon, W. C. W., and Ransom, Shila G.: Relief of pain in childbirth .....†63

No anæsthetist in Ethiopia 319

O

OBSERVATIONS on the general effects of injury in man with special reference to wound shock .....†160

P

PASK, E. A.: Rebreathing in a semi-closed system *59

—— See Molyneux, L. 50

Patient undergoing treatment with hypotensive drugs 219

Pearce, Cecil: Intravenous pethidine in anæsthesia *159

Pethidine. Intravenous, in anæsthesia *159

Prime, F. J., and Gray, T. Cecil: The effect of certain anæsthetic and relaxant agents on circulatory dynamics 101

Primrose, W. B.: Chest movements and the intercostal muscles 3

—— Action of the intercostal muscles *154

Prostatectomy—A method and its management .....†215

Pulmonary inflation. A new apparatus for intermittent 303

R

RANSOM, Shila G.: See Nixon, W. C. W. .....†63

Rebreathing in a semi-closed system *59

Reeve, E. B.: See Grant, R. T. .....†160

Relaxant agents:
Antidotes to "True" curarizing agents, including a report on Ro 2–3198 (Tensilon) 66

Effect of certain anæsthetic and relaxant agents on circulatory dynamics 101

Estimation and comparison of histamine release by muscle relaxants in man 232

Report on the use of succinylcholine chloride in a thoracic unit 245

Succinylcholine iodide: A new muscular relaxant 238

Tensilon: A new anti-curare agent 175

Relief of pain in childbirth ....†63

Report on the use of succinylcholine chloride in a thoracic unit ..245

Respiratory and cardiac control during endotracheal intubation 36

Reviews:
Anæsthetics and anæsthesia for nurses ....†163
